

Dear Grove Park Residents,

We hope everyone is doing as well as can be expected during these most difficult times. When this virus outbreak started, we promised to keep you updated on any safeguards we would put in place for our community.

On Sunday evening, the Grove Park Board of Directors held an emergency meeting to determine our next steps in keeping the community safe during the Coronavirus outbreak.

The following is what we decided:

Effective today, March 23, 2020, we will be shutting down the basketball courts, tennis courts, and playground area. We are very concerned about the health and well-being of our residents gathering in groups. The access to the courts will be deactivated and they will be chain locked until further notice. Anyone caught climbing over the fence to gain access will be considered as trespassing and could potentially be charged with a crime. This is a very difficult decision, but these are extraordinary times that require extreme caution.

We will continue to monitor the current environment and make adjustments as they become necessary. If any additional adjustments are required, we will notify you.

We encourage our homeowners to continue to maintain their property as best they can during these difficult times without creating any personal hardships. We also encourage you to call the office with any questions you may have.

We appreciate your compliance and support of these necessary changes.

As always, stay safe.

Â

John E Byrd

President, Grove Park Community Association
